

ALFRED DAMETey KWAMI

Aspiring Full-stack Developer

+233 (0) 596456132 | kwamialfred124@gmail.com | [LinkedIn](#) | [GitHub](#) | [portfolio](#)

PROFESSIONAL SUMMARY

Motivated ICT student with hands-on experience in full stack web and desktop software development. Third-year ICT student, skilled in translating UI/UX concepts into scalable, high-quality code. Proficient in Python, FastAPI, Visual Basic (.NET), JavaScript, and MySQL database management, Skilled in designing RESTful APIs, building responsive UI components, configuring network database architectures.

EDUCATION

Bachelor of Science (BSc.) in Information and Communication Technology *Jan 2025 – Present*

University Of Education (UEW), Winneba, Ghana

- **Relevant Coursework:** Data Structures & Algorithms, Web Development, OOP in Java, System Analysis, Computer Systems & Applications, Instructional Design, Event Driven Programming, Computer Networking, Database Management System.

TECHNICAL SKILLS

- **Languages:** Java, Python, C/C++, Visual Basic (.NET), JavaScript (ES6+), Tailwind CSS, Vercel, HTML5, CSS3, SQL, R
- **Frameworks:** React, Flask, Fast API
- **Developer Tools:** Git, GitHub, VS Code, Visual Studio, PyCharm, IntelliJ, MySQL, XAMPP, Figma
- **Soft Skills:** Teamwork, communication, problem-solving, mentorship, research, creativity

EXPERIENCE

Web Development Intern – Codomax Digital Solutions *Sept 2026 – Present*

- Developing and refining responsive web interfaces using HTML, CSS, and JavaScript as part of a structured web development internship.
- Implementing interactive features, responsive layouts, and modern UI/UX practices across portfolio and web projects.
- Using Git and GitHub for version control, project management, and collaboration while building and documenting practical projects.

Frontend Developer - Remote *Jan 2023 – present*

- Designed and built responsive portfolio and landing page sites for clients using HTML, CSS, and JavaScript.
- Implemented accessibility best practices and cross-browser compatibility across all projects.
- Collaborated with clients to translate design mockups into pixel-perfect, interactive UIs.

PROJECTS

Sparkly Educational Website | *HTML, CSS, JavaScript, Git & GitHub, Figma/UI Designs, Vercel*

Live site: sparklyy.vercel.app

- Designed and built a modern online learning platform designed to connect learners with industry experts and provide access to professional development courses.
- Built with JavaScript, HTML5, CSS3, responsive UI Design, Git/GitHub version control, and Vercel deployment.
- The website features courses categories, mentor profiles, educational resources, blog content and a responsive interface designed to provide a smooth and engaging learning experience across different devices.

Golden Fork Restaurant Website | *HTML, CSS, JavaScript, Git & GitHub, Figma/UI Designs, Vercel*

Live site: goldenfork.vercel.app

- Designed and built a modern and responsive restaurant website designed to showcase a restaurant's brand, menu, services, location, and reservation experience.
- Built with JavaScript, HTML5, CSS3, responsive UI Design, Git/GitHub version control, and Vercel deployment.
- The website focuses on clean visual design, responsive layouts, intuitive navigation, and a user-friendly interface across different screen sizes.

Personal Web Portfolio | *HTML5, CSS3, JavaScript, Tailwind CSS*

Live site: alfredkwamidev.vercel.app

- Designed a mobile-first personal developer portfolio using Tailwind CSS to showcase software projects and core competencies.
- Coded JavaScript functions to power smooth scrolling navigation, dynamic DOM updates, and interactive project repository cards.
- Built using clean, semantic HTML5 structure and optimized CSS styling for fast loading speeds across desktop and mobile devices.

Library Management System | *Visual Basic (.NET), MySQL, XAMPP, Visual Studio*

GitHub Repo: [librarymanagementsystem](https://github.com/alfredkwamidev/librarymanagementsystem)

- Built custom Windows Forms desktop navigation interfaces, interactive splash screens, and catalog management in Visual Studio.
- Wrote SQL query logic to search, filter, and retrieve book repository records by ISBN, title, or author name.
- Programmed automated overdue fine calculation scripts that parse checkouts dated and auto-update member balance logs upon book returns.

LEADERSHIP & COMMUNITY ENGAGEMENT

- **Web Development Instructor:** Educated participants on the fundamentals on web development and guided them to create web applications.
